

CATEGORY	APP NAME	FORMAT	VALUE	COMMENTS	ANDROID OBSERVATION
	Frequency Finder	iPhone	4	lists all repeaters within n miles or in a location; poor format; better on phone	
	Rfinder	iPad	5	lists all repeaters within n miles or in a location, call sign lookup, map; \$10/yr subscription	
	RepeaterBook	iPhone	5	lists all repeaters within n miles or in a location, for US, Canada, Mexico; free; good format	Works on Android. Very nice app, BUT does not turn off GPS on exit. I use it, and kill it manually to turn off GPS.
	QST	iPad	5	can download any issue of ARRL's QST magazine & read	Works on Android.
	HRO	iPad	4	Ham Radio Outlet, search for products, stores, promotions, & more; shows prices	
	OMISS	iPhone	4	old man international sideband society (OMISS) 8,700 Members, shows net sked & member lookup	
	QRZ	iPad	4	Call sign lookup, map, link to www.qrz.com; could be useful	Android version is QRZDroid. Works well.
	D-Star	iPhone	3	displays last heard, repeaters near me (map & list), & more; poor format	
	quickQRZ	iPhone	3	list of call sign prefixes, could be useful	
	Ham Radio	iPad	3	references, e.g. phonetic alphabet, Q signals. Morse code, etc.	
	Red Cross	iPad	3	four apps: hurricane, tornado, shelter view, first aid – version 1 needs some help	Works on Android. I use the Hurricane app.
	iGridSquare	iPhone	2	finds the grid square of your location if device has gps	
	HamBands	iPhone	2	displays a list of the ham bands (very marginal value)	
	CallsignWall	iPhone	2	wallpaper, not updated for IOS7	
	iLocator	iPad	1	finds locations of ?? – K1JSM did not find this very useful	
	Ham I Am	iPhone	1	references, e.g. phonetic alphabet, Q signals. Morse code, etc.(not as complete as Ham Radio app	
	Ham	iPhone	0	a total waste	
APRS	iBCNU	iPhone	4	This program works and can be demo'ed.	
APRS	iAPRS	iPad	2	Must verify your license by paying \$5 or by sending a msg from aprs equipped radio. Not good.	

DX	DxSpot	iPad	3	seems to work ok	
DX	iCluster	iPad	3	seems to work ok, slow to react to button, filter controls are confusing	
DX	BeaconAid	iPhone		shows beacons around the world, their freqs, and whether operational; not sure this is worth much	
DX	Web Cluster	iPhone		displays spots from SK6AW only	
DX	iDXCOFFEE	iPhone	0	most of this app is in spanish, user is better off using web browser to goto www.dxcoffee.com	
DX	DX Hunter	iPad	0	spotting app, K1JSM could not get this app to work correctly	
DX	hamDXCluster	iPad	0	allows user to select one of a dozen or more nodes, K1JSM could not get this app to work
