## Field Day Notes Gar, N1NEZ

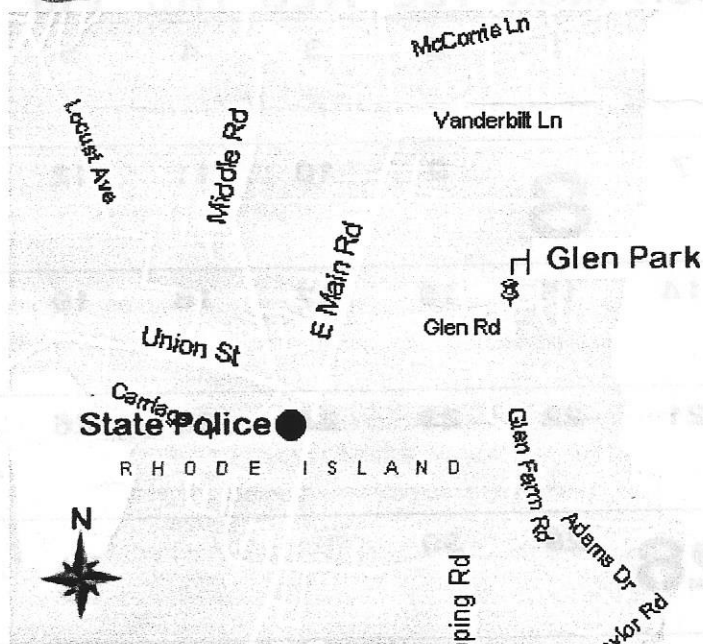

Field day activities will be starting on Saturday, June 27, at 8:30 a.m. We will be erecting the towers and putting up the antennas. If anyone has a trailer or camper available for an operating station please let me know. There is some indication we may be using some digital communication this year. If anyone is interested in satellite communications, please don't be bashful. Remember, the main goal of Field Day is to get those stations up and running and have a **GOOD** time. Everything is an added benefit. I'm looking forward to seeing you all there. June 27, 28 at the Glen, Portsmouth. 73, Gar

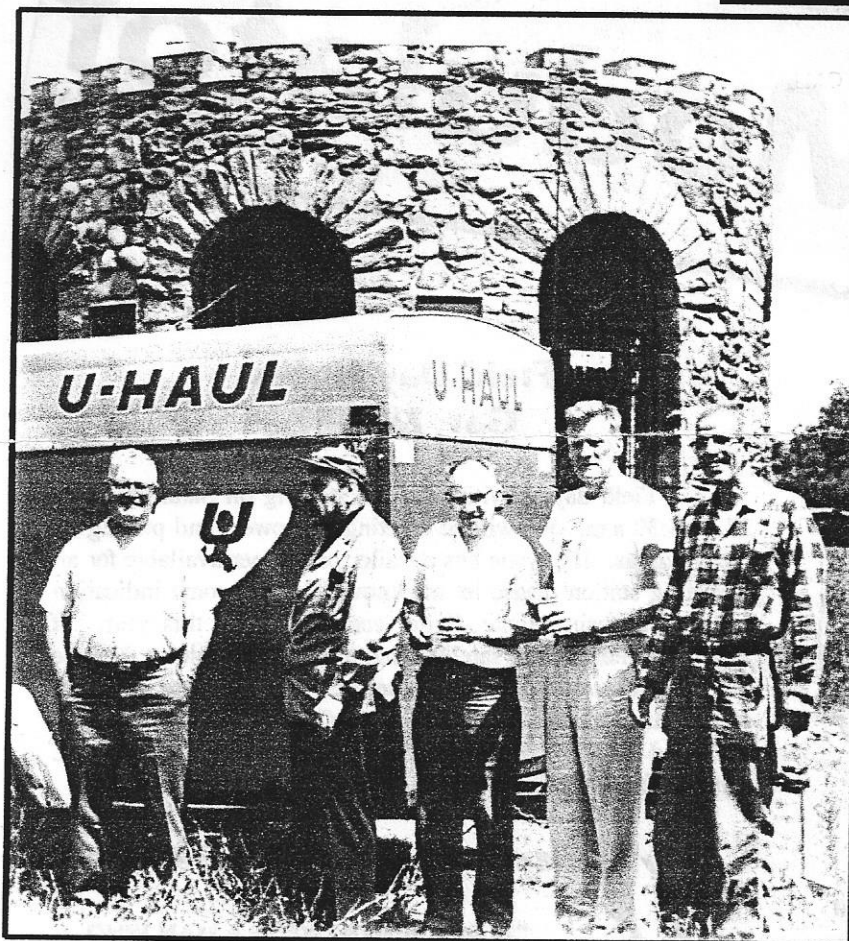

## Bob, AA1LG's Quote of the Month!

NO ONE

## WHO IS WHO?

Can you identify these members of the NCRC - This photo was taken at Field Day at Miantonomi Park in the 1960s.

If you can identify any of these members, please submit the names to John Aldrich, W1WLG. We will announce the winners and identify the people in the next modulator.

Do you have any old pictures of the Radio Club? If you do, may we borrow the picture and make a copy?

Thanks, John Aldrich, W1WLG
