The March 14, 2022 meeting was called to order at 7:02 PM by Nancy, KC1NEK. At various times there were 42 members present.

The president began the meeting by describing its new condensed format intended to reduce the length of the business part of the meeting. To accomplish this, rather than read and review various standing committee reports (like the treasurer's report), members would be directed to read the Committee Report that can be found prior to the meeting on the following link: [https://w1sye.org/?page\\_id=6044](https://w1sye.org/?page_id=6044). The business meeting would cover those items requiring a vote or the immediate attention of the membership.

- Roll Call via Chat (Nancy KC1NEK)
- Members voted to approve the February Meeting Minutes
- Three new members were voted in:
  - Domenic Valenti KC1MZA
  - Arthur Gladney N1AJG
  - Bruce Braga
- Members were informed that a successful electronic VE session was held on March 12, and reminded that the online Tech/Gen/Extra classes begin the week of April 18

The business meeting was closed at 7:17 PM.

Paul K1YBE then gave a presentation on Celestial Navigation, which has been published both on the website and on YouTube. Paul's presentation was completed at 8:02 PM. Lively conversation continued until shortly after 10 pm.

Respectfully submitted
