Newport County Radio Club 10 Meter Net NCS Script

Calling the Newport County Radio Club 10 Meter Net

Calling the Newport County Radio Club 10 Meter Net

This is the Newport County Radio Club 10 Meter Net for _____ [Today's Date]

The Newport County Radio Club 10 Meter Net was founded for the purpose of encouraging hams to participate in a HF net while having congenial conversation amongst FCC Licensed Amateurs on subjects of mutual interest and in accordance with the provisions of FCC Rule 97.

This net meets weekly on Thursday evenings on 28.305 MHz and takes checkins commencing at 1930 Local Time. This is a directed net, and I will be your net control station for tonight. My name is _____[Name], and my callsign is _____ [Callsign}. I am located in _____[Location].

We already have the following early check-ins [list if any are available]

If there are any other stations wishing to check into the net, please give me your callsign, name and location and go ahead now:

1. Establish a list of checkins per above
2. Beginning with the first checkin, ask each station for comments for the net
3. At the end of the list, ask of additional checkins
4. Get comments for any new checkins
5. Go back to the top of the list and ask each station for FINAL comments for the net
6. Final call for checkins with quick comments
7. Close the net with the following

This concludes this session of the Newport County Radio Club 10 Meter Net. We would like to thank everyone who participated, and especially those that stood by while the frequency was in use. We now return this frequency to regular amateur use. This is _____ [Callsign]
